

This Saturday, April 29th, we have arranged for the New Jersey Republican State Committee to host a training session on a targeted Vote by Mail Program. This Vote by Mail Program was developed by the Republican State Committee, Senate Republican Majority, and the Assembly Republican Majority, over the past 6 months to increase Republican voter participation in Vote by Mail. As you are probably aware, the democrats, nationally, statewide, and locally have been winning elections through their own VBM efforts.

As Republicans, we must increase our voter participation in the VBM process. We are hosting the Republican State Committee staff to provide you with the details of the program they have developed to give you the tools to increase your VBM votes for your local candidates.

Please join us on Saturday morning:

WHEN: Saturday, April 29, 2023

TIME: 9:00AM – 11:30AM
